Hello guys, this is Mousa AKA 0xDolphin. Now we will solve the OSINT challenge of social circles in AceCTF together.

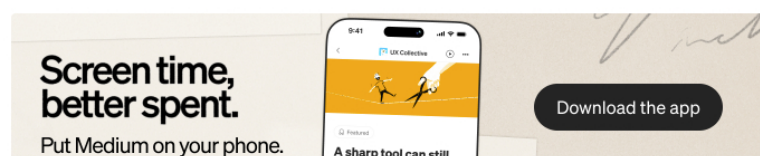

1. <https://www.youtube.com/@AhjussiPlayz>

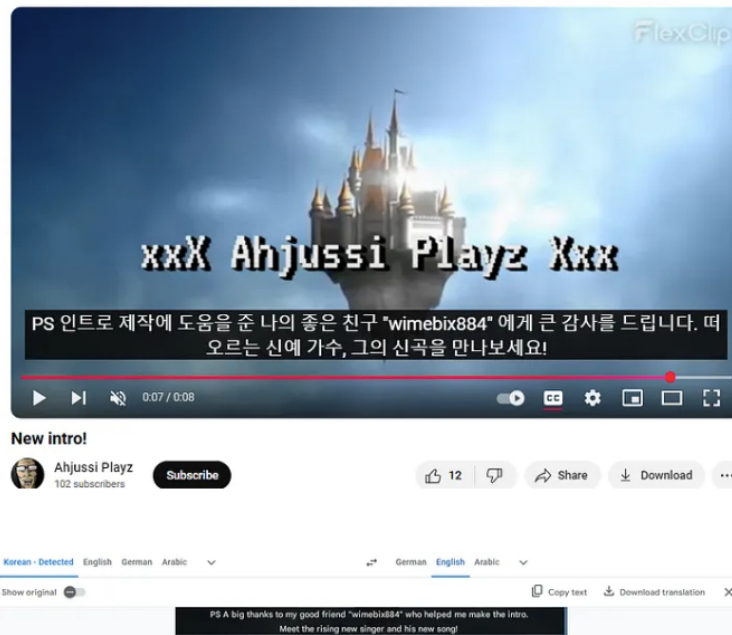

When i entered the given channel, i found only one video which was an intro. I knew there was something in the description or the captions but found nothing.

I googled the pfp picture of the channel and it gave me a japanese manga called your uncle from another world, but this was not helpful.

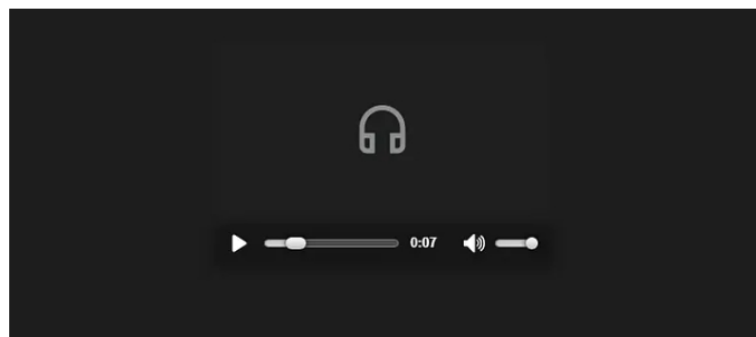

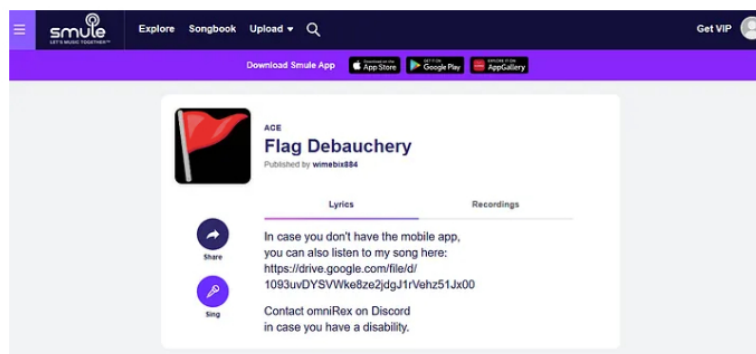

I decided to google the name of the channel, ahjussi was found to be a Korean name, therefore an idea was to turn on Japanese captions, and wow man I did not understand anything xD

Song? We need to search this username!

We can use a tool like Sherlock on KALI, in which it will display a bunch of websites. Here I found Smule, which is a music platform as per the description.

by this, we find a lady who tells us the flag letter by letter. Thank you.
